Laborer Apprenticeship

Description

The skills required are varied. A Construction Craft Laborer will do some or all of the following: pour concrete, pave roads with asphalt, lay pipe for sewers, work on demolition projects, perform environmental abatement and other tasks as required. The work is physically demanding and the hours can be long but the rewards are plentiful.

Application Process

Applications are accepted on an ongoing basis.

Notes

- Must be at least 18 years of age. There is no maximum age.
- No High School Diploma or GED is required.
- Applicant must be in good health and physically able to perform all phases of the work.
- Applicant must be able to read, write and speak the English language in order to comprehend instructions on the job and in related training classes and to ensure personal and co-worker safety on the job.
- Applicant must complete all application forms and provide evidence of legal employable status in the United States of America.

Program Length

During the term of apprenticeship, you will work 3000 hours on-the-job. You will also attend related training at the Laborers Training Center.
Occupations

**Construction Laborers** Perform tasks involving physical labor at construction sites. May operate hand and power tools of all types: air hammers, earth tampers, cement mixers, small mechanical hoists, surveying and measuring equipment, and a variety of other equipment and instruments. May clean and prepare sites, dig trenches, set braces to support the sides of excavations, erect scaffolding, and clean up rubble, debris and other waste materials. May assist other craft workers.
