Roofers & Waterproofers Apprenticeship

Created at California CareerZone. To learn more, as well as take assessments and view detailed profiles of pathways, occupations, colleges, and more, please visit: https://www.cacareerzone.org/
Roofers apply a variety of materials including hot and cold build-up roofing and/or waterproofing, asphalt, shingles, tile and single ply roofing materials including EPDM, PVC, Hypalon and modified modified bitumen.

Application Process

Applications are accepted on an ongoing basis.

Notes

* An applicant for roofing/waterproofing apprenticeship program must be at least eighteen (18) years of age. There is no maximum age.
* An applicant must be in good health and physically able to perform all phases of the work.
* There are no specific educational requirements to enter the roofers/waterproofers apprenticeship program, however, applicants must be able to read and speak English within the first twelve months of training in order to comprehend instructions given on the job and in related training classes to insure personal and co-worker safety on the job.
* There is no written examination for this apprenticeship program, but all applicants are required to participate in an orientation class on safety.
* Applicants must be prepared to work at extreme heights and on sloping surfaces.
* Applicants must be prepared to lift heavy heavy materials and equipment in all types of weather.
Applicants must be prepared to purchase tools and equipment at an estimated cost of $150.

Program Length

Most of the roofing apprenticeship programs in California are 42 months in length. The apprentice must work 600 or more hours on-the-job in each of seven (7) periods of training with one or more employers. Apprentices must also attend related training classes at a training center.

Occupations

Roofers Cover roofs of structures with shingles, slate, asphalt, aluminum, wood, or related materials. May spray roofs, sidings, and walls with material to bind, seal, insulate, or soundproof sections of structures.

Helpers--Roofers Help roofers by performing duties requiring less skill. Duties include using, supplying or holding materials or tools, and cleaning work area and equipment.
