Sheet Metal Apprenticeship

Created at California CareerZone. To learn more, as well as take assessments and view detailed profiles of pathways, occupations, colleges, and more, please visit: https://www.cacareerzone.org/
Description

Sheet Metal Workers are part of the building and construction trades. In shops, we layout, fabricate and assemble sheet metal products to be installed in buildings and construction projects. The primary work is heating, ventilating and air conditioning. We also fabricate and install metal roofs, kitchen equipment, blowpipe systems, conveyors, chutes and hoppers.

Application Process

Applications are accepted on an ongoing basis.

Notes

* Applicants must be at least 16 years of age. Applicants under 18 years of age require signature of parent or legal guardian.

* Applicants must have a copy of High School Diploma, GED, or High School proficiency test in English translation and present at time of application.

* Applicants must pass math test with score of 70%.

Program Length

The term of apprenticeship is a minimum four and a half years. Apprentices will also attend a minimum of 972 hours of related classroom instruction.

Occupations

**Sheet Metal Workers** Fabricate, assemble, install, and repair sheet metal products and equipment, such as ducts, control boxes, drainpipes, and furnace casings. Work may involve any of the following: setting up and operating fabricating machines to cut, bend, and straighten sheet metal; shaping metal over anvils, blocks, or forms using hammer; operating soldering and welding equipment to join sheet metal parts; or inspecting, assembling, and smoothing seams and joints of burrred surfaces. Includes sheet metal duct installers who install prefabricated sheet metal ducts used for heating, air conditioning, or other purposes.
